Good afternoon Eric,

As Morgan mentioned in her email on 12/29/21, I am now EPA's lead NEPA reviewer for the Oakland Harbor Turning Basins project. I have a couple NEPA process questions and would appreciate if we could please have a quick chat (approx. ~15 minutes). I have availability tomorrow morning 9:00a – 10:00a, and 1:30p – 3:30p.

Please let me know if you have any questions.

Thank you,

---
